RIVERSIDE RV PARK in Sundre. A great summer home or a weekend retreat. This unit is located in phase 5 which is the most private part of the park and probably the largest lot as well. Backs onto a year round spring fed creek and common condo land. Very private. The Rv is a 1997 park model with a front slide consisting of dining room,kitchen, 4 piece bathroom and bedroom. In the bathroom there is a stacked washer and dryer. The addition is one large room used as a living room or family room with a propane fireplace to cozy up to on those cooler evenings. There is a small cabin that has an electric fireplace. A storage shed and woodshed. Price includes all furnishings and chattels except for personal items. This is a seasonal unit as water and sewer are shut off during winter months. Riverside is a gated community located within the town of sundre along the West Bank of the red deer river. Year round caretakers patrol the park and maintain inside cleaning of the clubhouse washrooms and laundry facilities. The property can be used in winter as the front set of washrooms and laundry facilities are open year round. Lots of winter campers here who bring their water and use a portapotty. Condo fees are \$975 annual which covers caretaker fees, garbage disposal, seasonal water and sewer and maintenance on park owned facilities. Please note the recent appraisal located in documents. Call your favorite realtor for a viewing. This one shouldn't last as there are so many extras and this huge private lot so hurry!
